FIGHT SUBSTANCE ABUSE IN KENTUCKY

HERE IS HOW:

On January 6, 2014, Attorney General Jack Conway announced settlements with two pharmaceutical companies. \$32 million will be used to expand substance abuse treatment in the Commonwealth of Kentucky.

According to data from the Substance Abuse and Mental Health Services Administration, Kentucky currently has one-tenth of the treatment beds it needs. The settlement funds will help create a new treatment center for adults, treatment scholarships, a grant program for new juvenile treatment beds and/or centers, and expanded services for juveniles.

\$19 MILLION
